

## "Technology Leadership"

- High speed for fast operation
- High power density for compact size
- Low power consumption for high efficiency
- Custom engineered subsystems

## "The Safe Choice"

- Rugged design for high reliability
- Low operating temperature
- Rigorous application testing
- Global footprint for assurance of supply

## Motion & Control Solutions for Blenders & Mixers

### Commercial Blenders

- Best in class AC motor performance
- High power and torque
- Fast blend for bar blenders

### Home Blenders

- Custom designed for power
- High efficiency
- Compact design with long life

### Hand Blenders

- Best continuous run time
- High power density
- Lightweight design

### Stand Mixers

- High power and torque
- Fast actuation
- Small footprint

### Hand Mixers

- Lightweight design
- High power density
- High torque

Johnson Electric creates custom solutions beginning with our wide range of component technologies

AC Motors

High Voltage DC Motors

Snap Action Microswitches
