

# CORPORATE GOVERNANCE REPORT

Johnson Electric Holdings Limited (“Company”) is committed to achieving high standards of corporate governance that properly protect and promote the interests of its shareholders and devotes considerable effort to identifying and formalising best practices of corporate governance.

## BOARD OF DIRECTORS

The board of directors of the Company (“Board”) currently consists of three executive directors and eight non-executive directors (of whom six are independent) (“Directors”). Biographical details of the Directors are set out in the Profile of Directors and Senior Management section on pages 196 to 199 of this Annual Report.

The independent non-executive directors are all experienced individuals from a range of industries and geographies. Their mix of professional skills and experience is an important element in the proper functioning of the Board and in ensuring a high standard of objective debate and overall input to the decision-making process. The Board has received from each independent non-executive director a written confirmation of their independence and has satisfied itself of such independence up to the approval date of this report in accordance with the Rules Governing the Listing of Securities (“Listing Rules”) on The Stock Exchange of Hong Kong Limited (“Stock Exchange”).

In accordance with Rule 13.51B(1) of the Listing Rules, the Company is required to disclose changes in information of Directors subsequent to the date of the Interim Report 2019. Mrs. Catherine Annick Caroline Bradley was appointed as an independent non-executive director and a member of the Finance Committee of easyJet plc on 1 January 2020. Mrs. Bradley was also appointed as a member of the Remuneration Committee of the Company with effect from 1 March 2020.

## THE BOARD AT WORK

The Board is accountable to shareholders for the activities and performance of the Company and its subsidiaries (“Group”). Directors meet in person on a quarterly basis and on other occasions when a board-level decision on a particular matter is required. The Board has reserved for its decision or consideration matters covering corporate strategy, annual and interim results, directors’ appointment, succession planning, enterprise risk management, major acquisitions, disposals and capital transactions and other significant operational and financial matters.

The Company seeks to provide its independent non-executive directors with extensive exposure and access to its operations and management. The board meeting agendas are structured to address the broad spectrum of key governance issues on a regular and systematic basis. Forming part of the continuous professional development program for Directors, visits to the Group’s principal operating facilities are arranged and relevant subject area experts are invited to address the Board from time to time.

The Board recognizes the importance and benefits of conducting regular evaluations of its performance to ensure the effectiveness of its functioning. On an annual basis, a board effectiveness survey is sent to each Director in order to enable the performance of the Board to be evaluated. Responses to the survey are analysed and discussed at the Board meeting. Suggestions made by the Directors have been implemented to further improve the performance of the Board.

Major corporate matters that are specifically delegated by the Board to management include the preparation of annual and interim accounts for board approval before public reporting, execution of business strategies and initiatives adopted by the Board, implementation of adequate systems of internal controls and enterprise risk management procedures, and compliance with relevant statutory requirements and rules and regulations.

The Group's Executive Vice Presidents attend board meetings to advise on strategic planning, corporate governance, enterprise risk management, statutory compliance, internal controls, mergers and acquisitions, financial, tax and accounting matters.

Under the Company's Bye-law 109(A), one-third of the directors except the director holding office as executive chairman, who have served longest on the Board since their last election, shall retire from office and be eligible for re-election at each annual general meeting. As such, except for the executive chairman, no director has a term of appointment longer than three years.

## Remuneration Committee

The Remuneration Committee consists of four independent non-executive directors and one executive director. The current members are Prof. Michael John Enright (Committee Chairman), Mr. Joseph Chi-Kwong Yam, Mr. Christopher Dale Pratt, Mrs. Catherine Annick Caroline Bradley and Ms. Winnie Wing-Yee Mak Wang.

The Committee determines the compensation structure and rewards for the Chief Executive and other executive directors and monitors the policies being applied in remunerating the senior management on behalf of the Board.

In addition, it has responsibility for reviewing and making appropriate recommendations to the Board on retirement plans and provisions and on management development and succession plans for executive directors and senior management. The Committee's authority and duties are set out in the terms of reference which are available on the websites of the Group and HKEXnews.

At Johnson Electric, remuneration and incentive schemes are linked to the achievement of annual and long term performance goals. By providing total compensation at competitive industry levels, for on-target performance, the Group seeks to attract, motivate and retain the key executives essential to its long term success. To this end, the Committee directs the management in the engagement of outside remuneration experts and stays abreast of remuneration practices among comparable companies around the world. Senior management incentive schemes include an equity component that is designed to align the long term interest of management with those of shareholders.

All global staff positions, including senior management, are governed by an evaluation methodology which takes into account management / technical know-how, problem solving and accountability. Individual senior management remuneration acknowledges scope of responsibilities, contribution and performance. The base salary takes into account factors such as contribution to the business, employee retention and market remuneration. Annual incentives, when payable, are performance-based, and include Company's and Group's financial objectives as well as individual objectives which may be non-financial. The Johnson Electric Restricted and Performance Stock Unit Plan for senior management provides for the grant of Johnson Electric Restricted Stock Units ("RSUs") and Performance Stock Units ("PSUs"). Vesting of these is subject to attainment of service milestones in the case of RSUs and, in the case of PSUs, the attainment over time of identified group wide financial goals. RSUs and PSUs are used to retain and motivate senior staff and are designed to maximize long term shareholder value.

In determining the level of remuneration and fees paid to non-executive directors for the Board approval, a review of current practices in comparable companies is regularly conducted with the aid of an independent consultant. Board remuneration consists of an annual retainer with additional fees payable for committee memberships. Executive directors are not eligible for any remuneration or fees for board activities.

The Remuneration Committee reviews the overall remuneration program of the Group over the short, medium and long term while addressing the goals of management development and retention and the enhancement of shareholder value.

No individual director or senior manager approves his or her own remuneration.

Three committee meetings were held in FY19/20. During the year, the Committee addressed the following:

1. Review of the Executive Directors and Senior Executive Compensation and Benefits;
2. Long-Term Incentive Share Scheme Awards;
3. Annual Incentive Plan Measurement; and
4. Review of Succession Planning.

## Nomination and Corporate Governance Committee

The Committee's authority and duties are set out in the terms of reference which are available on the websites of the Group and HKEXnews.

The Board has formalized its existing practices into a Nomination Policy and adopted it in 2018. The Nomination Policy (which is available on the website of the Group), as administered by the Nomination and Corporate Governance Committee, sets out the criteria and procedures for identifying and nominating suitably qualified candidates for appointment to the Board. The selection criteria specified in the Policy include:

- The highest personal and professional ethics and integrity;
- Contribution to the Board in terms of qualifications, skills, business experience, independence and such other factors as the Committee may consider relevant;
- Commitment in respect of available time and relevant interests;
- Board succession planning considerations;
- Consideration of the requirement of the minimum number of independent non-executive directors; and
- Diversity in all its aspects as set out in the Board Diversity Policy (incorporating relevant provisions of the Listing Rules) adopted by the Board in 2013.

In respect of the Board Diversity Policy, the Board is cognisant of the benefits of diversity and the Committee monitors implementation of this policy as part of the process of selecting and nominating candidates for appointment to the Board. Candidates are considered against the broad and diverse range of aspects specified in the Nomination Policy, which among other aspects also include gender, ethnicity and cultural background.

In reviewing Board composition, the Committee considers the benefits of all aspects of diversity including, but not limited to those described above, in order to maintain an appropriate range and balance of skills, experience and diversity of perspectives appropriate to the requirements of the Group's business globally.

In accordance with the Bye-laws of the Company, every newly appointed director is subject to re-election at the next annual general meeting.

## CONTINUOUS PROFESSIONAL DEVELOPMENT

On appointment to the Board, each Director receives an induction package covering the Group's businesses and operations, and the statutory and regulatory obligations of being a director to ensure sufficient awareness of responsibilities under the Listing Rules and other relevant regulatory requirements. Thereafter, the Company provides the Directors with regular updates relating to the Group's business and the business environment in which the Group operates.

All Directors have complied with the code provision in relation to continuous professional development. The Company continuously updates the Directors on the latest developments regarding the Listing Rules and other applicable regulatory requirements, to ensure compliance and enhance their awareness of good corporate governance practices.

## INTERNAL CONTROL AND ENTERPRISE RISK MANAGEMENT

The Board is responsible for ensuring that a sound and effective system of internal control and enterprise risk management is maintained within the Group, and for reviewing its design and operational adequacy and effectiveness through the Audit Committee.

The internal control and enterprise risk management system, which includes a defined management structure with specified limits of authority and control responsibilities, is designed to (a) help the achievement of business objectives and safeguard the Group's assets; (b) ensure proper maintenance of accounting records and reliability of financial reporting; (c) ensure compliance with relevant legislation and regulations; and (d) identify, manage and mitigate key risks to the Group.

The internal control and enterprise risk management system is established to ensure reasonable, but not absolute, assurance against material misstatement or loss and to manage, but not to eliminate, risks of failure in achieving the Group's objectives.

Following a risk-based approach, the Group's Internal Audit Department independently reviews and tests the controls over various operations and activities and evaluates their adequacy, effectiveness and compliance. Audit findings and recommendations are reported to the Audit Committee, senior management, and the external auditor. In addition, progress on audit recommendations implementation is followed up on a regular basis and discussed with the Audit Committee.

During its annual review, the Audit Committee also considers the adequacy of resources, qualifications and experience of staff of the Group's Internal Audit Department, accounting and financial reporting function and their training programs and budgets.

To supplement the above, under the Integrity and Ethics Policy, employees can report any ethical misconduct, impropriety or fraud cases within the Group to the Johnson Electric Whistleblower Hotline anonymously, or in writing in confidence without the fear of recrimination.

Based on the results of evaluations and representations made by the management, the Group's Internal Audit Department and the external auditor in FY19/20, the Audit Committee is satisfied that:

- There is an ongoing process for identifying, evaluating and managing the significant risks faced by the Group that threaten the achievement of its business objectives; and
- An appropriate, effective and adequate system of internal control and enterprise risk management has been in place in FY19/20, and up to the date of approval of the Annual Report.

## AUDITOR

The Company's independent external auditor is PricewaterhouseCoopers. The Audit Committee is responsible for considering the appointment of the external auditor and also reviews any non-audit functions performed by the external auditor for the Group. In particular, the Committee will consider whether such non-audit functions could lead to any potential material conflict of interest.

During FY19/20 and FY18/19, the services and associated remuneration provided to the Group by PricewaterhouseCoopers were as follows:

<i>US\$ million</i>	FY19/20	FY18/19
Audit	2.68	2.78
Tax compliance	1.86	2.07
Other advisory services	0.14	0.37

Included above are US\$0.5 million of contracted fees for work to be performed subsequent to 31 March 2020.

## DIRECTORS' AND AUDITOR'S RESPONSIBILITIES FOR ACCOUNTS

The Directors are responsible for the preparation of accounts for each financial period which give a true and fair view of the state of affairs of the Group and of the results and cash flows for that period. In preparing these accounts for the year ended 31 March 2020, the Directors have selected suitable accounting policies and applied them consistently, made judgements and estimates that are prudent and reasonable, and have prepared the accounts on a going concern basis. The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group.

The responsibility of the external auditor to the shareholders is set out in the Auditor's Report on pages 82 to 89.

## CORPORATE GOVERNANCE CODE

During the year ended 31 March 2020, the Company complied with the code provisions set out in the Corporate Governance Code contained in Appendix 14 of the Listing Rules, except for the following:

### Code Provision A.2.1

Code A.2.1 provides, inter alia, that the roles of chairman and chief executive should be separate and should not be performed by the same individual.

Neither the Company's Bye-laws nor The Johnson Electric Holdings Limited Company Act, 1988 (a private act of Bermuda) contains any requirement as to the separation of these roles.

Dr. Patrick Shui-Chung Wang is the Chairman and Chief Executive of the Company. The Board is of the opinion that it is appropriate and in the best interests of the Company that Dr. Wang should hold both offices. The Board believes that it is able to effectively monitor and assess management in a manner that properly protects and promotes the interests of shareholders.

### Code Provisions A.4.1 and A.4.2

Code A.4.1 provides that non-executive directors should be appointed for a specific term, subject to re-election.

Code A.4.2 provides, inter alia, that every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years.

The independent non-executive directors are appointed for a specific term while the non-executive directors do not have a specific term of appointment. However, under Section 3(e) of The Johnson Electric Holdings Limited Company Act, 1988 and the Company's Bye-law 109(A), one-third of the Directors who have served longest on the Board since their last election shall retire and be eligible for re-election at each annual general meeting. Accordingly, no director has a term of appointment longer than three years except the Chairman and Chief Executive. Bye-law 109(A) also states that the director holding office as the executive chairman is not subject to retirement by rotation and shall not be counted in determining the number of directors to retire.

In the opinion of the Board, it is important for the stability and beneficial to the growth of the Company that there is, and is seen to be, continuity of leadership in the role of the Chairman of the Company and, in consequence, the Board is of the view that the Chairman should not be subject to retirement by rotation or hold office for a limited term at the present time.

## SHAREHOLDERS' RIGHTS

### Convening a Special General Meeting

Pursuant to Section 74 of the Bermuda Companies Act 1981, shareholder(s) holding at the date of the deposit of the requisition not less than one-tenth of the paid-up capital of the Company carrying the right of voting at general meetings of the Company shall have the right to submit a written requisition requiring a special general meeting ("SGM") to be called by the Board. Such requisitions will be verified with the Company's share registrars and upon their confirmation that the requisition is proper and in order, the Company Secretary will ask the Board to convene a SGM by serving sufficient notice to all shareholders. On the contrary, if the requisition has been verified as not in order, the requisitionists will be advised of this outcome and accordingly, the SGM will not be convened as requested.

If the Board does not within 21 days from the date of the deposit of the requisition proceed duly to convene a SGM, the requisitionists or any of them representing more than one-half of the total voting rights of all of them may convene a SGM, but any SGM so convened shall not be held after expiration of three months from the said date of deposit of the requisition. A SGM convened by the requisitionists shall be convened in the same manner, as nearly as possible, as that in any SGM to be convened by the Board.

### Putting Forward Proposals at General Meetings

Pursuant to Sections 79 and 80 of the Bermuda Companies Act 1981, either any number of shareholders representing not less than one-twentieth of the paid-up capital of the Company carrying the right of voting at general meetings of the Company, or not less than 100 shareholders, can request the Company in writing to (a) give to shareholders entitled to receive notice of the next annual general meeting notice of any resolution which may properly be moved and is intended to be moved at that meeting; and (b) circulate to shareholders entitled to have notice of any general meeting sent to them any statement of not more than 1,000 words with respect to the matter referred to in any proposed resolution or the business to be dealt with at that meeting. The requisition signed by all the requisitionists must be deposited at the registered office of the Company with a sum reasonably sufficient to meet the Company's relevant expenses and not less than six weeks before the meeting in case of a requisition requiring notice of a resolution or not less than one week before the meeting in case of any other requisition.
