

"Technology Leadership"

- High torque, low speed for maximum juice extraction
- High power density for compact package
- Quiet operation for low noise operation
- Custom engineered for application requirements

"The Safe Choice"

- Long life for warranty requirements
- Rugged design for dependable operation
- Sealed to prevent entry of contaminants
- Global footprint for assurance of supply

Motion & Control Solutions for Juicers

Centrifugal Juicers

- High power for maximum extraction
- Low power consumption for high efficiency
- Position detection for operator safety

Citrus Juicers

- High speed for fast juice extraction
- Compact design for small footprint
- Position detection for operator safety

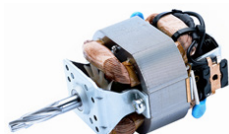

Masticating Juicers

- High power to process plants, fruits and vegetables
- Slow operation for maximum juice extraction
- Rugged design for high reliability

Johnson Electric creates custom solutions beginning with our wide range of component technologies

DC Motors

AC Motors

Gearmotors

Snap Action Microswitches
