

"Technology Leadership"

- Precise actuation for lighting applications
- Optional integrated position feedback
- High loading capacity for heavy lighting modules
- Custom engineered solutions

"The Safe Choice"

- Field proven technologies
- Rigorous application testing
- Fail safe operation
- Global footprint and assurance of supply

Motion & Control Solutions for Lighting Applications

Headlamp Adjusters

- Leveling, bending & adaptive lighting solutions
- High resistance to shock, vibration & temperature
- Long life

LED Lighting

- Actuators & flexible printed circuits
- High vibration & temperature resistance
- Shaped to match vehicle profile

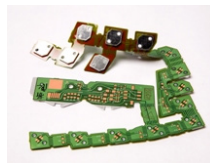

Headlamp Washer Pumps

- Custom flow and pressure
- High efficiency
- Winterized pump design
