

"Technology Leadership"

- High speed for fast operation
- Long travel and high force for high loads
- Compact design for small footprint
- Custom engineered to exact requirements

"The Safe Choice"

- Rugged design for extreme environments
- Long life for high reliability
- Flex cabling with EMI/RFI protection
- Global footprint for assurance of supply

Motion & Control Solutions for Material Handling

Motor Technology

- Material push mechanisms
- Positioning
- Flap adjustment

Solenoids & Actuators

- Diverters
- Dispensing
- Tray or bucket stops

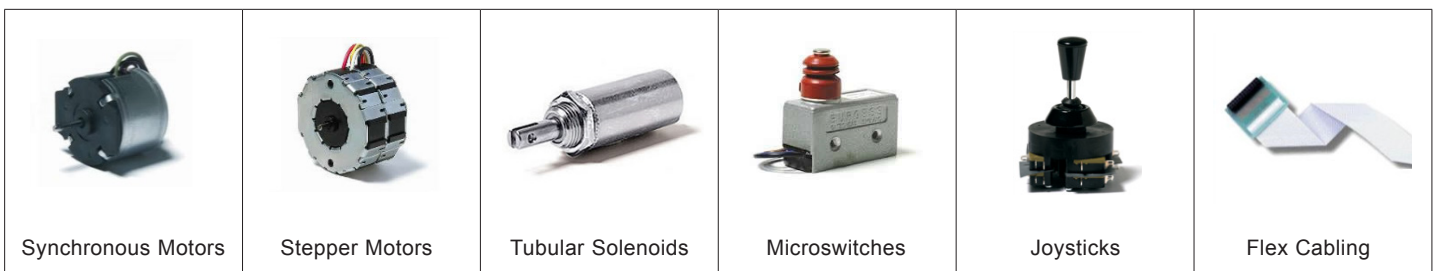

Flex Cabling

- Robotic merchandise returns
- EMI shielded cables to 3M in length
- Robotic Pick & Place

Switch Technology

- Control switches
- Position detection
- Emergency stop

Johnson Electric creates custom solutions beginning with our wide range of component technologies
