## Statement

---

We Johnson Electric Germany GmbH & Co. KG, D-01257 Dresden hereby certify that the product:

Actuator

UXB204

complies with the requirements of the European Directive

Directive 2011/65/EU

Restriction of the use of certain hazardous substances (RoHS)

To the best of our knowledge, our material suppliers do not use in the manufacture of their products the hazardous substances which are listed in the above mentioned EU Directive and Regulation. However, we do not routinely analyse the materials for the hazardous substances nor do we require our material suppliers to do so.
