Codes for packaging at Saia-Burgess Dresden (English)

1. Purpose and scope

This instruction defines the codes for packaging in English language applied at Saia-Burgess Dresden

2. Process instruction

Only the codes of packaging, which are mentioned as follows, are allowed to be applied in BDK creation and mutations:

Packaging code 0252:

Packaging and final packing with label, named with our part number, order number plus number of pieces.

Packaging code 0253:

Every coil labelled with

- manufacturer
- diameter of bare wire
- code of enamel covering class / diameter of enamelled wire
- date of fabrication
- net weight

Label on every packaging unit on the front with our item number, order number and weight. Safe packaging for transportation.
